action_mailer_basics.html

Action Mailer

`rails g mailer AdminMailer`

admin_mailer.rb

```ruby
def update_email(current_admin, admin)
  @current_admin = current_admin
  @admin = admin
  mail(to: @admin.email, subject: "Seus dados
foram alterados")
end
```

update_email.html.erb

```erb
<h1><%= @admin.name %>,</h1>
<p>Seus dados foram atualizados por <b><%= @current_admin.name %></b>.</p>
```
