Aula 082
Pretty URLs para categorias

Problemática

to_param

```
“#{id} #{description}”.parameterize
```

friendly_id

https://github.com/norman/friendly_id

friendly_id

`rails g friendly_id`

Migration

`rails g migration AddSlugToCategory slug:string:uniq`

Category Model

```
include FriendlyId
friendly_id :description, use: :slugged
```

Find

`Category.`**`friendly`**`.find(params[:id])`

Active Record

`Category.find_each(&:save)`
